

TL20

Trolley speaker

Bring music with you and enjoy going

Introduction

TL20 is a portable Bluetooth trolley speaker with wireless microphone. It adopts the new ABS engineering plastic to make the speaker box body, anti-interference, excellent heat resistance and weather resistance, drop resistance, no deformation, long service life, meet your different outdoor scenes.

High quality powerful 8" woofer and 3" tweeter provides stunning performance with deep bass and crystal clear sound. Amazing acoustic performance provides you with the perfect outdoor entertainment. A powerful combination of features ensures a high fidelity sound experience.

Wireless remote control supports multi-mode switching, easy operation, which is more suitable for long-distance.

Features

- Powerful trolley speaker, portable and smart design.
- Professional Karaoke system, support wireless microphone, guitar and bass guitar.
- Support U disk, TF, FM, Aux-in and Bluetooth function.
- Built-in rechargeable acid-lead 4.5A battery, normally, it can work for 4-6 hours.
- With high quality 8 inch powerful bass.
